

In preparation for some NEW gold items that will feature a more distinctive gold color, we are putting all remaining stock of our current gold-colored etched items on sale! Prices are good on these items until they are sold out, or are replaced with the new stock.

Once the new gold items arrive, what remains of these older parts will be changed to the color name "champagne" and be available until sold out.

If you wish to buy a lot of items and want to make an offer, just get in touch.

For information on placing an advance order for the NEW gold items, see:
